- + Hypalon detail on compression webbing
- + Integrated trekking pole loops
- + Lower accessory straps with side release buckles
- + Daisy chain
- + Includes rain cover

About Us

ALPS Mountaineering began in 1993 with a singular mission: to create durable, high-performance products without the premium price tag that consumers would expect to find on such high-quality outdoor gear. For over 20 years, we have continued to expand our product line into a wide range of categories including tents, packs, camp furniture, air pads and sleeping bags.

Limited Lifetime Warranty

ALPS takes pride in the quality of our products and warrants that the materials and workmanship will be free of any defects. Our factories follow a strict set of specifications and quality standards, however, if a problem develops, we encourage consumers to contact us.

Quality Products, Affordable Prices

Until our customers can actually hold one of our products in their hands and carefully look it over, it's difficult to convey our quality and construction. Value can be defined as getting what you pay for. We define value as getting more than you pay for.

REMOTE GLOLANTERN

New for 2019

- + Camping light with remote control is the perfect size to take along on all of your adventures.
- + Convenient remote control allows you to operate the light from the comfort of your sleeping bag or chair.
- + Versatile dimming features allows you to set the light to your desired brightness, ranging from very bright to very low, diffused lighting.
- + The remote will stay active for 10 hours of non-use before switching from stand-by mode to "OFF", which conserves battery power. Simply activate the remote control again and it is ready to use.
- + When not in use, the remote control conveniently snaps into the housing for storage and transport to avoid misplacing.
- + Bright, Long Lasting LED

Multiple Convenient Hanging Options:

- 1) Collapsible double-hook hang loop for convenient hanging of the light to your tent or a tree branch;
- 2) Simply place the light on any metal surface. The strong magnets inside the housing will keep the light right where you need it.

Two Modes:

- 1) High 350 Lumens (with dimming feature 350-13 lumens)
- 2) Low 50 Lumens

- + Runs on 3 - AA batteries (not included) that are easily replaced.
- + IPX-4 Water Resistant

7766123 Charcoal

double-hook hanging loop

remotes snaps into housing for convenient storage

specifications

About Us

Browning Camping takes the Browning motto of "The Best There Is" to heart, producing outdoor and camping gear of only the highest quality. This ensures that every item we manufacture is worthy of the world-famous and highly trusted Buckmark. Using only the highest quality fabrics, components and construction techniques, Browning Camping gear stands above the crowd in terms of quality outdoor products.

Limited Lifetime Warranty

Browning Camping takes pride in the quality of our products and warrants that the materials and workmanship will be free of any defects. Our factories follow a strict set of specifications and quality standards, however, if a problem develops, we encourage consumers to contact us.

Quality Products, Affordable Prices

Until our customers can actually hold one of our products in their hands and carefully look it over, it's difficult to convey our quality and construction. Value can be defined as getting what you pay for. We define value as getting more than you pay for.

About Us

ALPS created the Cedar Ridge line in 2012 to help be able to purchase a "starter set" of camping gear. The ALPS quality and craftsmanship is still present, and Cedar Ridge's easy-to-use tents, sleeping bags and air pads let new campers stick to a budget while still enjoying the outdoors. At ALPS, our goal is to make all outdoor activities accessible and enjoyable, and our Cedar Ridge line will allow more people to experience the joys of camping under the stars.

5-Year Limited Lifetime Warranty

ALPS takes pride in the quality of our products and warrants that the materials and workmanship will be free of any defects. Our factories follow a strict set of specifications and quality standards, however, if a problem develops, we encourage consumers to contact us.

Quality Products, Affordable Prices

Until our customers can actually hold one of our products in their hands and carefully look it over, it's difficult to convey our quality and construction. Value can be defined as getting what you pay for. We define value as getting more than you pay for.

ALPS MOUNTAINEERING®

An aerial photograph of a mountain campsite. Seven blue tents are pitched on a dry, grassy slope. A river flows through the middle ground, bordered by rocky banks and several tall evergreen trees. The background shows a steep, sparsely forested mountain hillside.

OUTFITTER

SUMMER OF

- + 210T polyester liner
- + 210T polyester outer fabric
- + PolyLoft insulation
- + 2-layer construction
- + Large #10 zipper
